Media Release

20th November, 2013

Amendment to the Professional Title of Mr. Shubhash Gosine – Chairman
Atrius Life Insurance Company Limited

The Ministry of Finance and the Economy wishes to advise that the Chairman of Atrius Life Insurance Company Limited, Mr. Shubhash Gosine, carries the professional title of Company Director and not that of Actuary, as was formerly reported on the Ministry's website, www.finance.gov.tt.

An inadvertent error occurred when personnel filing information to the Finance Ministry's website noted that Mr Gosine's curriculum vitae stated he had attained academic qualifications in Actuarial Science. His profession was then mistakenly entered as 'Actuary' under the 'Profession/Occupation' Heading on the Ministry's database. The database system is used for recording all information as it pertains to appointments on State Boards/Agencies.

The Ministry has since taken the appropriate steps to amend the information on its website, and will continue to work with all our stakeholders to ensure our records are continuously updated.
