

Auction

The eWay of business procurement

The eAuction system is the eWay for contract bidding! With this innovative, cutting-edge bidding procedure, state enterprises and the business community are now able to use a tool that is efficient, open and transparent to acquire goods and services:

- Faster and easier
- At substantial savings
- From a wider range of suppliers
- With better standards of specification
- In a system that promotes a fair and competitive market for the benefit of all citizens

For further information on this bidding system, contact the task force committee at 627-9700 ext. 2823 or log on to www.finance.gov.tt
