

Government of the Republic of Trinidad and Tobago

MINISTRY OF FINANCE

Treasury Division

NOTICE

ATTENTION GOVERNMENT PENSIONERS

The Pensions Management Branch of the Treasury Division is on a continued drive to collect **Birth Certificate Personal Identification Numbers (PIN)** from its **Government Pensioners** in an effort to reduce the number of retirees who will be required to submit Life Certificates in the future. This is the 2nd phase targeting persons whose information is not on the Treasury Division's system.

To this end, letters are being sent to **those pensioners** whose PIN are not recorded on the Pensions system. **Only** these persons, are required to bring their computerised Birth Certificate and any additional documents (e.g. affidavits, deed poll, marriage certificate etc.) along with the letter received (for verification purposes), to the Pensions Management Branch so that the records can be updated.

Future communication will be published before the next Life Certificate Cycle to advise pensioners of what is expected for October 2019.
