**CARIBBEAN AIRLINES WAGE NEGOTIATIONS**

Further to the earlier media release on this matter, Caribbean Airlines has just informed the Minister of Finance that while the figures the airline provided to him for public dissemination regarding the pilots' salaries were correct, the figure for pilots' allowances provided by CAL was incorrect.

It is expected that CAL will promptly correct that inaccuracy.

However, having given this dispute careful consideration, in the interest of good industrial relations, the Minister of Finance has today authorised Caribbean Airlines to settle the September 2015 to August 2020 period with TTALPA with a 4% increase in salaries and to offer the pilots a further 4% increase in salaries for the next bargaining period, that is to say, the September 2020 to August 2023 period.
